

## **Frank Pölcz**

Mr. Pölcz graduated from the Regensburg University as an Economist in 1999. He spent the first 10 years of his career at Unisys Group. He started his work in Germany in business process optimization, DMS and CRM areas as Senior Consultant and Project Manager in the Enterprise Segment. Following that he worked as Project Manager in the banking and insurance industries. He worked as a Senior Project Manager for Unisys Hungary, active in the financial, public and telecommunications sectors from 2005.

He joined Uniqa Group in 2009 as IT Director of the insurance company and manager responsible for the Project Office as well as Business Operations. As Managing Director of Uniqa Raiffeisen Software Service Kft. subsidiary and Uniqa Software Service Kft., he was responsible for IT operations, service and software development and maintenance. He has been working as Program Director of T-Systems Hungary Ltd. and Member of the Management since August 2013.
